Cover story: Introducing The Colorado Manufacturing Awards

*How competitive are Colorado manufacturers in the
push for new business?*

It's the focus of the inaugural **Colorado Manufacturing Awards** program developed by CompanyWeek and Manufacturer's Edge.

Eight **GAME CHANGERS** along with two other finalists will be recognized for product or operational prowess, disruptive use of technology, or exceptional leadership or vision that's resulting in market-sector performance. We'll highlight uber-competitive companies in eight industry sectors:

- ▶ *Industrial & Contract*
- ▶ *Food & Beverage*
- ▶ *Electronics & Aerospace*
- ▶ *Bioscience & Medical*
- ▶ *Beer & Brewing*
- ▶ *Supply Chain*
- ▶ *Lifestyle & Consumer*
- ▶ *Energy & Environmental*

Industry and business, economic development, government and higher education can nominate game-changing companies and will comprise a review panel to select finalists and winners.

Each year the Colorado Manufacturing Awards will select a relevant and meaningful approach to recognize excellence in manufacturing.
